XPEDITION

Ready to take the path less travelled? Explore some of Australia's most beautiful and out-of-the-way places with ease in our most luxurious off-road caravan to date!

Integrated microwave

Drop flap access under seating

HEAVY DUTY CHASSIS

The Xpedition's chassis is built in-house and welded instead of bolted, making exploring rugged terrain easier than ever. The box section A frame gives added strength, and a longer frame provides a better turning circle, making this caravan easier to reverse.

FEATURE PACKED FOR OFF-ROAD

Our Xpedition caravan is packed with features, making sure you can take it off-road without incident. These include a stone guard, checker plate protection for the two water tanks, extra strong aluminium cladding, full insulation, double-glazed windows, and two batteries.

COMFORTS OF HOME

This caravan has a full oven, a toilet with a ceramic seat that can be turned, a double-door fridge, microwave, innerspring mattress, reverse cycle air conditioner and even a washing machine, depending on the layout you choose.

PREMIUM LIGHTING

When it gets dark and you're camping in the middle of nowhere, you need reliable lighting. The Xpedition is fitted with high-quality L.E.D. lights, including 3 awning lights, boot light, reading lights in the bedroom and dinette, and illuminated grab handles.
